

Communications

Welcome to our Communication section. Here you will find copies of correspondence to:

- [Federal Government](#), such as reports on issues of importance to the Council
- Members, such as [Annual General Meeting documents](#), [Flashfacts](#), [Newsletters](#), [Nominations](#), [Notes](#), [Presentations](#) and [Reports](#)
- [Press Releases](#) on a range of topics
- Commission and Organizations
- [Archives](#)

The members of the National Council of Women of Canada study topics that are current and relevant, and several of these have resulted in [Reports](#). Some of these reports include *Girls and Violence*, *Energy Conservation* and *Women as Caregivers*.

One of our important reports is: the Report on the Common Program from 2005-2007 on the [Water/Energy Project](#). Here you will find many resources and reports prepared from the work that Councils did on the topic of water during that period.

The Council annually prepares and submits a written [brief](#) to the Federal Government, based on approved [policy](#). You will find briefs in our [Policy and Briefs](#) section.

We hope you find this section informative and return often because we continue to add to this material.
