

Hi,

Thanks again for endorsing our new joint statement, *Pharmacare: Now more urgent than ever!* We're pleased to announce that 190 organizations endorsed the statement.

We released the statement publicly last Friday along with the list of signatures. You can read our press release [here](#). The final version of the statement is available on our [website](#).

Please share this announcement with your networks. You can find shareable images for social media in English and French in this [Google Drive folder](#).

Here are some key messages you can use to promote the statement:

- Canada needs universal, public pharmacare now more than ever.
- Millions of Canadians have lost their jobs and their private drug plans during the COVID crisis.
- Millions more Canadians are now struggling to afford their medications.

- We need universal, public pharmacare to help us recover from the COVID crisis.
- Universal, public pharmacare would save lives and money.
- [72% of Canadians](#) say universal, public pharmacare is a very important part of the government's response to the COVID-19 crisis.
- No one should have to choose between putting food on the table and buying their medication.

We will continue collecting endorsements on an ongoing basis. Please encourage your colleagues to sign on by filling out the [online form](#).
